

DELHI PUBLIC SCHOOL, SILIGURI

Dear Parents (Classes XI-XII),

Date: 9th-July-2020

These are extraordinary times in our lives and the entire country is currently actively fighting to stop the spread of COVID 19. The social distancing that this pandemic has brought about has adversely impacted the normal classroom activities that are a necessary part of the academic setup. Since this is a significant change CBSE has accordingly decided to revise the syllabi of classes IX-XII for the academic year 2020-21.

With the limitation of physical classroom activity in mind the Board has decided to rationalize the current syllabus while retaining the Core fundamental concepts. We have updated the new revised syllabus highlighting the deleted components in the school website.

The school will make all possible attempts to familiarize students with the topics that have been reduced in the latest CBSE mandate. This may be done to ensure that students get to know these concepts to the extent that they are needed to understand connected topics. However, parents and students must note that the reduced syllabus will NOT be part of the topics of internal assessment or the year-end Board examination.

Please go through the new, updated syllabus in the school website and tell your ward to plan his academic preparations accordingly.

Regards,

Sukanta Ghosh

Principal In-Charge
Delhi Public School, Siliguri
